

CONSTRUCTION CAREER & TRADES DAY

A DAY FOR CAREER EXPLORATION

EVENT PARTNERS:

INVEST IN THE NEXT GENERATION

Inspire New Career Pathways

The Construction Career & CIEF Trades Day introduces high school youth to industry career opportunities in construction, design, sub-contracting, heavy equipment, engineering, and other skilled trades.

Empower Youth to Pursue

We hope you--our partners from the trades, industry, training and post-secondary programs, and others--will join us to inspire local students to pursue careers in construction.

Bring a hands-on activity for students to explore all the industry has to offer; teach them how to swing a hammer, try their hand at mixing cement, scale a wall for roofing, or throw on some PPE and get them welding. Witness first-hand the demonstration of skills students have acquired in a team build competition incorporating industry standards in framing and MEP trades. Take part in an exciting opportunity to pass along what excites you about your profession.

Where Industry Meets the Classroom
